"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

The Mortality of Advertising

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. Know your bank

If you use your bank only for routine money transactions, you're not getting the most out of it. Beyond being your banker, First National State can also be your trustee, executor, financial and business advisor, savings/investment advisor, and an important source of investment capital.

First National State is the foremost Full Service bank in New Jersey. It offers every personal and business financial service you would expect from a major metropolitan bank — and a few more besides.

Certainly we have convenient checking and savings account services, as well as low cost personal and auto loans for your day-to-day banking needs. But if that's all you want, you can get it at any bank.

Here's what First National State offers in addition to regular banking services.

A Choice of Savings/Investment Plans

First National State offers you a wide range of high yield savings/investment plans — savings certificates and passbook accounts — offering guaranteed interest at the highest legal bank rate. You can choose the one, or a combination that's best for you.

Investment Advisory Service

Your bank maintains a professional investment advisory department for the person who would rather place his portfolio management in safe conservative hands, than handle it himself. Our Municipal Bond Department forms a part of this service.

Trust Department

One of the outstanding features of First National State is our Trust Department, staffed with professional trust advisors. Whatever your particular needs — wills, executors, trustees, living trusts, testamentary trusts, etc.— you'll find helpful professional advice.

Commercial Banking

If you're in business here in New Jersey, you won't find a more convenient commercial bank. For example, we can assist you with services ranging from automated payroll to any type of business loan.

The Mortality of Advertising

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time

The Price & Lee Company

Just as you plan your production schedule, so you must plan your advertising. The Directory will give you the most for the least ...include the Directory in your advertising program.

NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

Common Sense

About City Directory Circulation

The true value of advertising circulation is ***circulation consulted.***

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for ***three hundred and five days,*** therefore –

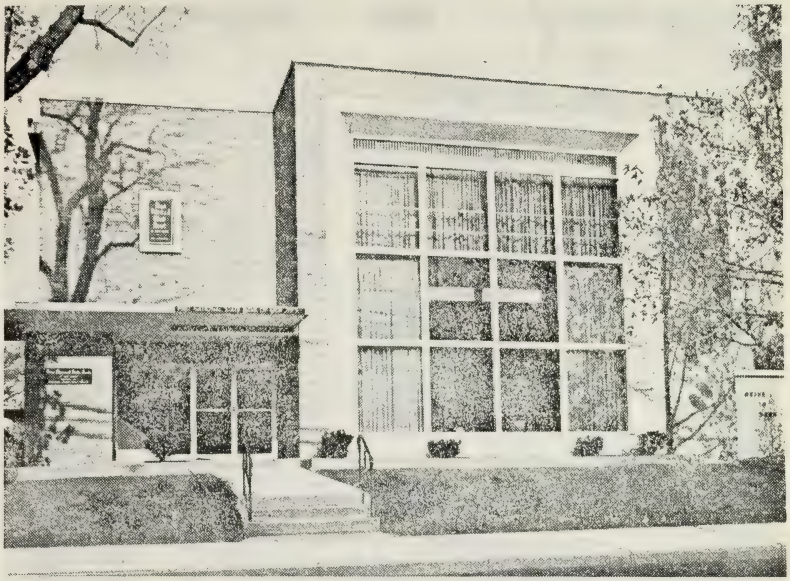
"...still the bank on the corner"



Since just after the turn of the Century, First National State has been "the bank on the corner" in Millburn. But inside, you'll find things quite different than they were then.

A large officers' platform allows you to transact your business in privacy. A customer reception area on the main banking floor has a delightful fireplace where you can relax in front of an attractive wood fire. The safe deposit vault area is one of the finest in the state. Its large, air-conditioned inspection rooms afford you comfort and privacy when you call for your safe deposit box.

Not just one drive-up window . . . but three, and no long waits. Our large number of tellers' stations means you won't have to wait inside, either. In addition, our bank parking lot accommodates 100 cars. An elevator takes you to the Trust Department Offices on the second floor. We're still "the bank on the corner" and the service is greater today than it ever was.

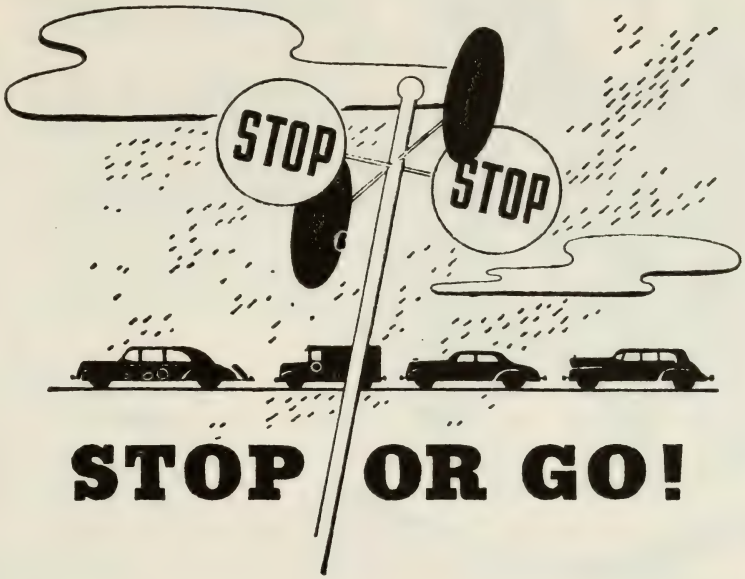
High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.



STOP OR GO!

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.

MILLBURN NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

Zip Codes are included in the description of each street and changes in Zip Code for streets with more than one code are indicated at the address where the change occurs.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of housholders, places of business and street intersections.

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
